## Opening Heaven's Gate

Hello. We write this special edition of the Galactic Times for readers who wish to know about the accelerated process of ascension for the little Mediterranean islands of Malta.

On the 1<sup>st</sup> of July 2024, Gozo was taken into the new reality, which The Lords of Time term, "Heaven's Gate".

They suggest this time zone will begin to spread further into the Maltese islands now.

On Monday, 15<sup>th</sup> July, a new template was dropped into the "reality making machine" for Gozo (see the 21<sup>st</sup> March 2024 issue of The Galactic Times for more detail on that machine).

The template is blue in colour, as it transmits divine love to all inhabitants of the island.

This begins the process of ascension globally, as the mainly 4<sup>th</sup> dimensional waves of Joy which come through, influence the interactions of the islanders with their fellow humans, on Gozo and elsewhere.

This simple process of ascension was implemented on many planets by most of the Star Nations:

- Begin on one island, small enough to contain the energetics locally. Surrounded by sea, it is insulated electromagnetically.
- Begin to elevate its land, people, animals, and nature. Utilise new templates and energy exchanges.
- Those assisting the ascension process observe and learn from this 'Testing Phase'; implementing and assessing new mechanisms.
- Check the operational status of the island. If enough people are responding positively:
- Begin on another island nearby.
- Spread the knowledge globally.

## Awakening the Lost Crystal City

Most of you familiar with the work of Francis Xavier Aloisio and Christine Aurelio Aloisio, will know the Crystal City of Atlantis lies under the Maltese islands. The couple were given the name for the City as *Ashua.ra.ta.ra*. A name tying together the names of the King and Queen of Atlantis.

The Crystal City has mainly been in a dormant state for 12,000 years. Now is the time its reactivation process begins. Some islanders may have already detected an increase of Light in their daily lives. The City will impact each of us, as it begins to shine more Light into the World we inhabit.

This Light comes to us in many ways, depending on our preferences and tastes. Some may spend more time with animals and feel a closer bond with them. Others will wish to touch the ground, to feel the elements on their skin.

## Online Ascension Training Starts 7<sup>th</sup> August '24

We are running an online training program for anyone wishing to accelerate their progress in the game called Ascension.

We will cover the multi-dimensionality of Light.

Each participant will have the Light and Source code from their parent star returned to their central matrix of Light.

## Orions’ Activation

The protocol for humanity from Orion was activated for Gozo, overnight on 15-16<sup>th</sup> July 2024. This massive upgrade for the people of the island is sourced from a civilisation approximately 2,000 years more advanced than earth.

The ceremony to activate the template took place at Dwerja, around 2am on 16<sup>th</sup> July.

## Awakening the Lost Crystal City of Atlantis

The Awakening process of the Maltese islands is a gradual and exciting one. The end result is one of beauty and splendour.

It will take a long time for the Crystal City of Atlantis to come to full consciousness in our planet. Close on a thousand years, before that occurs. Still, the energy interchange between the solid substance of physical existence and the crystal realm of depth, has started.

Over the next month, the deepest part of our planet begins to forge new ties into the living structures of our day-to-day lives.

Energy interchanges are complex mechanisms. They begin a process, a sort of normalisation of something that was not normal before they begin. The energy interchange between the Crystal City and the land of the Maltese islands is the deepening of an old connection. It can enable new energies to flood into the systems of those inhabiting the land. Or those visiting it.

The key to living within these powerful waves of Joy is to open the Heart in All Ways.

Whatever comes at you, face it willingly, knowingly, with an open heart. Each of us chose to be here, on Gozo, in this moment. We will not forget that we were here at this time.

The Star gates around Gozo will begin reactivation now. They will not be operational for some time. Yet, their energies will ‘speak again,’ and some of you versed in connecting will find it much easier to do so. The receiving of messages will become simpler. The rate of downloads will increase.

Christ re-unification codes will also begin to be inserted into the consciousness of one to two thousand individuals across Gozo. These will accelerate their learning.

The Galactic Times will write about the Maltese islands again, once these procedures have completed.

Now ascension can really begin. The women can rise. Global domination by men can come to an end. Safety and order can descend. A new time of peace can reign. Men, women and children will love one another, in a realm of freedom almost none have felt for 20,000 years.

The Christ May Return.

That is the tried and tested method, which has been utilised many times by many civilisations elsewhere in the cosmos. It provides a little perspective on what is happening with Gozo. Gozo was selected to “Go First”.

First does not mean it all happens on the island. It means the island acts as a kind of Primer. It is a Learning Zone for everyone interested in ascension.
