

Heaven's Gate

We are pursuing the process that was used 36,000 years ago, when Heaven was last Brought to our Planet. Then, heaven lasted around 12,000 years.

A brief update for new readers..

The reset switch on Our Home 🌍 was pressed by Thoth, on his birthday in September 2024. Shortly afterwards, our plane of existence split into millions of tiny pieces. We are now entering a timeline of rapid growth and change on our Planet (Sophia).

Each of Her (Sophia's) Twelve Chakras are in a reboot process, as of 24th March 2025. Russia is currently rebooting, the Crown Chakra of our Planet. She is rebooting to align with the Mind of God (Norway).

Everyone is within their own energetic bubbles. My bubble can intersect with another persons, if I live as a couple or a family. When we come together, we combine our energy fields.

The Mind of God has increased in frequency by an Octave. Her Voice is spoken softly in the ears of men, women and children. Her Voice reminds us Who We Are.

China is the new LifeForce Chakra of Planet Sophia. A violet stream of consciousness has emanated from 🇨🇳, since late PM on Friday, 21st March 2025.

This violet stream of conscious energy is directed by the Galactic Union of Light. It comprises a past-based evaluation of our life, and previous lives. We can Bring Balance.

The Rise of the Snake

Snake energy is on the rise.

The serpent is **The** past-master of closing down universes. He is the master closer of worlds. She is associated with sudden and significant change.

Expect sudden and dramatic changes in 2025.

The Mind of God

With the activation of the Mind of God Chakra in Norway 🇳🇴, the rest of the Chakras now need balancing.

Dragons are flying energetically across the lands, clearing stuck dense energy fields. 🐉🐉🐉

There are **Puzzles** in this new reality 🧩.

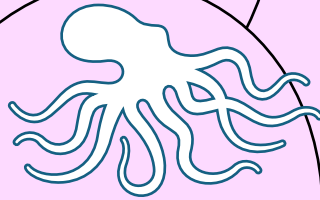

- "Bubbles" are one type of puzzle.
- Energetically, we set traps for ourselves.
- The phrase, "I need to prick this bubble" springs to mind.

Heaven's Gate Part II

We are being birthed inside of an Octopus 🐙.

This is exactly the animal our planet was birthed through the last time Heaven was created on earth. Only Gods can birth planets. Our Heavenly Octopus 🐙 sits within the star systems of Orion. 🙏

Explosions are pieces of your past exploding into light. They come into your sphere of awareness for a reason, these glimpses of your past.

They come to gift you an essential piece of information for this time. 🕒

The New Humans

Roughly speaking, the new human is formed out of one of three templates. The template is chosen by the Soul, prior to physical embodiment.

The templates are part of the **New Civilisation** template from Orion.

The three human templates expand our ability to imbibe energies from the Galactic Core.

Directly speaking, each has a different **Heart Space Size**.

Each has a particular **Capacity to Contain Light**.

"The ideal of the ascension process is to die to yourself until there is nothing left to die.

Then you live forever."
